*Eric and Rachel: 5k Club Champions*

There was quite a good turnout today despite the strong icy winds blowing up the course, which hit you at the start until the turn around point and then you were wind assisted back to the start. Twenty one were on the start line with only young Hannah doing the one lap with the rest having to do two.

They must breed the women tough in Inglewood as all of them wore the club singlet with the only concession to the low temperature was Serena wearing arm warmers. Thermals were much on display, with Mary & Denise who were taking no chances by being rugged up to the max. Brian wore his light rain jacket to keep the wind off. One had to feel sorry for Peter & Trevor on time-keeping duties who had to sit there for nigh on an hour in the cold. Harry stood alongside them as his back is still playing up. Tanya, sometimes known as Tracy sporting her new hair colouring was on judging duties with Wacky talking to her.

Being right at the back of the field one can only comment on what was happening as people passed going in the opposite direction.

Leading the pack were towards the end of the first lap were Peter, Eric & Rachel in line abreast followed by Mike, Jeff, Serena, Dennis, Marlene and Sherryn 1. At the back, Brian was having a personal battle trying to hang on to Maryanne & Sue. Other battles

going on were Serena vs Dennis, Helen vs Neil with Dave chasing Michelle.

At the turnaround point Maryanne was leading Sue & Brian, there being at least 20m between each of them. However after turning with the wind behind them both Sue & Brian rapidly closed the gaps and Sue passed Maryanne just before the start of lap 2 with Brian also passing shortly after. He didn't walk too well in the wind and both women pulled away from him again.

After the start of lap 2 it was Peter just slightly in front of Eric & Rachel who were walking side by side. All the rest were in the same order but gaps were increasing. Serena had disposed of her arm warmers to lighten her load and now had around 50m over Dennis and Sherryn 1 had discarded her coat and was about the same distance in front of Marlene.

### Helpers

Harry, Dave, Peter, Trevor, Tanya 2

With only about half a km to go, the leaders were now Peter, Eric & Rachel with only a few strides separating them. Mike was about 50m in front of Jeff who was going like a scalded cat, so that Serena couldn't catch him. Dennis was closing the gap between him and Serena but not sufficiently enough to worry her.

Helen had dug it in and was now 30m in front of Neil and trying to catch Marlene which she failed to do in the end. Being wind assisted again, Brian passed Maryanne but couldn't catch Sue and then with a 100m to go, Maryanne hit back and there was a sprint between her and Brian to the line with Brian just holding her off.

The finishing order at the top was Eric by 2secs from Peter who edged out Rachel by 3secs. Has this girl been doing secret training I ask myself because she has certainly closed the gap since the start of the season on the male front runners.

So in the end Peter had to surrender the F Elliot Memorial Challenge Cup he won last year to Eric and Rachel won the R W L Cargill Cup, for the fastest man & woman on the day.

**Oh and by the way, did you know Inglewood won yesterday?**
