*Ivor Drives Past His Handicap*

Firstly a thank you to Eric for working out the Links course again. Each year there are so many changes in the roads from the previous that it is a challenge to set a course. Even though it was a little on the long side, everybody enjoyed the surface of the roads, the lack of traffic and the chase of the other Competitors. A course where you can see your competitors several times per lap makes you work hard. Condition for walking this year were about perfect, no wind, just a little on the cool side – harder for the time keepers who would have felt the chill by the end. Thank you to Peter and Trevor for your time today.

We have only had a few Open handicap races this year; the season so far has been enjoyable with relays and estimated time events but as a consequence as Handicapper I have not got a handle on times yet. My apologies for this.

In today's race, Kim took off with a great technique and it looked like she would be hard to catch. She soon went past Brian who had started 30 seconds in front of her. Next to show was Gaylene who looked as though she had smashed her first tee shot about 300 metres straight in the middle of the fairway. Marlene started at the same time that Brian completed his first lap, so they had a quick cuddle before Marlene got into her work. By the time that I started Kim was well into her second lap.

Sherryn started very fast and soon passed me and got into the work of chasing those ahead. At the mid-way the race was very open; we had Kim forging ahead, Gaylene pushing on, Marlene and Helen walking very well with Sherryn chasing them. Meanwhile Jeff, Tony, Mike, Peter and Eric were in hot pursuit. As Gaylene and Marlene tired, Sherryn continued through the field but Jeff and Peter were closing fast. Meanwhile Kim just continued on her merry way. Kim proved far too strong today, waking with great technique and doing an excellent time. Sherryn came through for second and Marlene held on for third. Rachel and Eric were fastest over the 10K today – I have adjusted their times for this report to a realistic 10K. Rachel did 1h1m46s and Eric did 56m35s.

The vets so far this year are dominating the points trophy. Today that trend continued. Denise showed a new turn of speed and soon went past Frances and set about defending her lead with Sue and Mary in hot pursuit. Sue got past Mary, but couldn't catch Denise today finishing 1 minute behind; Sue did take fastest time with 39m18s for her 5K. Meanwhile Ivor stormed through his 2.5K in 24m17s and took away 8 points in the points trophy race. Hannah Gilberd did an excellent 2.5K in 19m50s.

Finally thank you to Ross and Anne for a great morning tea; Ross cooking the sausages on the BBQ has become one of the highlights of the season.
